

GRE® General Test Means by State: 2017–18, 2018–19, and 2019–20
(State defined by location of test center)

Disclaimer about Data Sorted by Test Center: Although many test takers take the GRE® General Test in the same state in which they attend undergraduate school, this is not the case for all test takers. Some test takers test in another state for one of several reasons, including: a) they are out of school and reside in a different state from that in which they received their undergraduate education, b) they are testing during a vacation period when they are not at their undergraduate location. Even more importantly, the GRE General Test has not been designed to measure state-level education outcomes. For all of these reasons, caution should be exercised in seeing these results as an accurate reflection on the current undergraduate curriculum.

(Note: VR = Verbal Reasoning, QR = Quantitative Reasoning, and AW = Analytical Writing)
